INCLUDED IN KIT 94-58205:

1ea. 3030-034: Glass, Gasketed
8ea. 4500-2105: Screw, Machine 10-24x3/8"

TOOLS REQUIRED:

Safety Glasses
Work Gloves
Philips Screwdriver

BEFORE YOU BEGIN: Check to make sure you have all the components listed in the kit. Read the instructions all the way through. Always work on a cool stove.

PROCEDURE:

1. Remove the 8 glass clips (C) held in place with 8 screws (B)
2. Remove the gasket covers (E) placed around the door frame (G) and it's adhesive.
3. Remove the glass (F) and/or debris from the frame.
4. Install the new window into the frame (G) with the gasket covers (E).
5. Re install the 8 glass clips (C) with the 8 screws (B)
